City to benefit

Councilmembers approve Block Grant program budget

By MARGO DEWEY
ANP Staff Writer

Romulus councilmembers approved the 1991 Community Development Block Grant program budget recommendations March 25.

Mayor Beverly McAnally presented the council with an overview of where the funds would be distributed.

"The total funding is \$97,000," McAnally said. "We recommend the council adopt the budget recommendations for the 1991 fiscal year."

The project descriptions and fund allowance are as follows:

- APA Community Center - The 1991 CDBG program proposes to budget \$1,500 for en-

gineering costs related to the redesigning of the community center park area.

- Adolescent Health Center - 1991 CDBG program funds are to assist the Romulus public schools - adolescent health center - with the opportunity to provide health care costs to low- and moderate-income students at Romulus High School. About 332 students would benefit from the program. Budgeted is \$2,500 for the project.

- Community Development Department - The Community Development Department is coordinating the construction of phase three of the Wayne Road Sidewalk project. This is a continuation of the 1987 and

1990 CDBG funded sidewalk projects. About \$24,224 of CDBG funds will be used to construct sidewalks along Wayne Road north, on the east and west sides, between Ecorse and Beverly roads.

- Community Development Department - About \$9,700 or 10 percent of the 1991 CDBG program allocation is budgeted for program administration. This is a mandatory budget allocation by program design.

- First Step Counseling - The 1991 CDBG program proposes a budget of \$7,500 to continue services of counseling to low and moderate residents who are battered spouses or abuse victims.

- Information Center - About

\$750 is budgeted for the continuation of information and referral services offered to senior citizens through the Information Center.

- Office of Nutrition - The 1991 CDBG funds are being proposed to serve about 570 meals to Romulus seniors through the Wayne County Office of Nutrition. Cost of each meal is \$2.37, and continuing service to 570 seniors will cost about \$1,350.

- Romulus Civic League - The 1991 CDBG funds are to be used for Civic League engineering costs to redesign the parking lot at their hall. Proposed budget is \$1,500.

- Romulus Help Center - About \$13,000 is budgeted to con-

tinue the service of minor home repairs to Romulus seniors. About 1,500 hours will be provided.

- Romulus Help Center - About \$15,000 is budgeted to continue the service of youth counseling and assistance to Romulus teen-agers.

- Romulus Recreation Department - About \$20,000 is budgeted for the construction and additions to two city parks. About \$10,000 is being proposed for the construction of a Tot-Lot for the Romulus Public Housing area along Beverly Road. An additional \$10,000 is being proposed for the construction of a foot bridge connecting the two areas of Park one at Beverly and Henry Ruff.

Mayor Beverly McAnally

Residents have new location to vote

By MARGO DEWEY
ANP Staff Writer

Romulus residents now have a new location to vote.

After a long search by City Clerk Linda Choate to find a new home for precincts 9 and 15, Merriman Executive Inn officials offered the use of their meeting room at no cost to the city.

"We'll have sufficient parking available," Choate said. "I met with the manager of Merriman and viewed the room and found that it meets our requirements."

The meeting room is located on the ground floor near the lobby and is handicap-accessible. The area can also be accessed by a side door.

"We will be sending all the registered voters a letter and card informing them of the new location," Choate said.

At the March 25 meeting, councilmembers questioned whether it would be legal for the precinct to be housed in a private location such as the Merriman Executive Inn.

Choate said the election laws allow the Executive Inn as a legal polling place.

Councilmembers agreed to the new location by a unanimous vote. The polling area will be situated in time for the May 7 election, according to Choate.

Bunny hug

During an Easter Celebration at the Romulus Library, Jeannie Wright, 3, reaches out to hug the Easter Bunny. The group of students from the reading club also received small baskets of goodies. ANP photo by Werner Slocum/staff photographer

Mayor thanks attorney general

By MARGO DEWEY
ANP Staff Writer

Romulus Mayor Beverly McAnally recently gave her thanks and support through a letter to Attorney General Frank Kelly.

McAnally's letter thanked Kelly for taking steps toward filing a lawsuit against Wayne County regarding the discharge of ethylene glycol from the Metropolitan Airport into area streams and the Detroit River.

"I am pleased that your office has taken this step to resolve a major nuisance and water quality problem affecting not only Romulus, but surrounding downstream communities as well," McAnally said.

Romulus has also filed a lawsuit against the county as a result of severe flooding which occurred not only in Romulus but several other communities

last February.

"It appears to us the discharge of stormwater containing ethylene glycol into the county drains and the sanitary sewer system certainly may have contributed to the severity of basement flooding and the resulting enormous personal property damage and financial losses that were sustained by our residents," McAnally said.

The final resolution of the case is still pending, McAnally said. Attorney Michael Feiler is handling the Romulus case. McAnally informed Kelly the city has asked Feiler whether or not the city should join in with the Kelly lawsuit.

McAnally offered any assistance to Kelly if needed.

"The county's willful neglect of the adverse environmental consequences related to ethylene glycol disposal can no longer be tolerated," McAnally said.

Police looking for robbery suspects

By MARGO DEWEY
ANP Staff Writer

Romulus police officers are looking for two black males who assaulted a Dearborn Heights resident at a Romulus car wash March 29 on Henry Ruff Road at Van Born.

The victim, 41, told police around 1:20 a.m. he was jumped by a man who appeared to have a handgun, according to detective Lt. Kenneth Kraus.

"A second person got into the

victim's car, a 1990 Camaro," Kraus said. "When the first suspect entered the vehicle, the two fled the scene."

Police later recovered the Camaro at Spruce Road and Pine in Inkster. A pistol weapon was also confiscated.

The victim suffered a small cut over his left eye and a bruise to the right side of his face.

Anyone with information on the incident should call the Romulus Police Department at 941-8400.

Cynthia Freitag

Local teen to compete for state title

By MARGO DEWEY
ANP Staff Writer

A Romulus teen-ager is trying to make a career for herself as a model.

Cynthia Freitag, 17, will be competing at the Holiday Inn in Dearborn April 6 and 7 against more than 80 teen-age girls throughout the state for the Michigan Perfect Teen title.

"I always wanted to be a model," Freitag said. "My dad has helped me a lot."

Henry Freitag has been assisting his daughter with her

dream since she was 15 years old.

"We started talking about what she wanted to do after she graduated from high school," he said. "She's done a bit of runway work for Jacobson's and Hudson's. I told her the only way to get started is to ask questions."

Freitag isn't an amateur when it comes to competing for titles. Last year, she was first runner-up after competing for the 1990 Michigan Perfect Teen. She also competed for the Miss Michigan United title, but did not place.

This year, Freitag said she is ready to win because she's been practicing.

"I know what to expect now," Freitag said. "It's a lot of fun and hard work. The Perfect Teen competition will be based on poise, personality, sportswear and evening gowns."

Freitag enjoys downhill skiing, swimming, horseback riding and writing. She plans on attending Wayne State University when she graduates this year.

"I want to major in broadcasting," Freitag said. "I'd

like to possibly be an anchorwoman, but I just want to try it out first."

The competition will be videotaped. Freitag made up her mind to compete for the Perfect Teen title after a friend decided not to compete and gave Freitag her competition form.

Freitag is now registered with three modeling agencies and has a professional photo composition, according to her father.

"She's had interviews with Ford in New York," he said.

ROMULUS NEWS DIGEST

Couples golf outing is staged for May

The Romulus Chamber of Commerce is sponsoring the 1991 Couples Golf Outing which is set for 2:30 p.m. May 11 at Woodside Meadows. Cost is \$50 per couple for 18 holes. Carts must be ordered. Anyone interested should call 326-4290.

Archery Club hosts benefit for force

The Romulus Chamber of Commerce and the Romulus Metro Archery Club will be hosting a 50-50 Archery Benefit Shoot where a portion of the proceeds will be geared for the drug task force program created by Mayor Beverly McAnally.

Participants with the best hand will receive the award of 50 percent of the shooting fee. The event is staged at Northline and Huron River Drive in Romulus. Individuals 18 years or older can participate. For more information, call 941-9486.

Children asked to join reading club

During the months of March and April, the Romulus Public Library is sponsoring a Garfield Reading Program.

Any child who records the books they read on a Purr-fect Reading Record becomes part of the club. Records are kept at the library.

After reading the first book, the new member will receive a Garfield sticker. Anyone who has read five or more books by April 30 is eligible for a special Garfield drawing on May 1.

The theme of Garfield is: "Reading is my life."

For more information, call El's Shelly at 942-7589.

Civic League stages events

The Romulus Civic League is again offering adult social night from 8 p.m. to 12 p.m. each Friday.

The program was started in June 1990.

It is being offered again because of the low turnout back in the summer.

Council looking for artists

The Romulus Arts Council is looking for a few good artists within the Romulus community.

A public exhibition is planned to showcase the talents of local people.

Anyone who would like to nominate an artist or to receive further information should contact the RAC by calling 941-2678 or 941-0558.

Veterans council to sponsor rally

The Western Wayne County Allied Veterans Council will be sponsoring the 1 p.m. April 7 Wayne march and rally. The march will begin at the Wayne Memorial High School parking lot at 3001 4th St. The march will then proceed west on Glenwood toward Wayne Road where it will turn south, to the city park and Veterans Carillon (Michigan Avenue). Once the march reaches the Veterans Carillon, the rally will begin. Anyone interested in participating in the march can call parade chairwoman Anna Hensley at 728-8412.

City has openings in softball leagues

Wayne has a few openings left for the women division and men over 40 evening softball league. Anyone interested should call Larry Q. at 721-7400.

Center moves to new home

By MARGO DEWEY
ANP Staff Writer

The Romulus Help Center is moving to 9340 Wayne Road, just a few blocks down from its old location on Goddard Road.

Help Center officials were looking to expand their facility by offering clients more services and space, according to Doug Plant, clinical services supervisor for the Help Center.

"We rented an office that's 4,200 square feet," Plant said. "The building will be triple the size of what we have now. We are also expanding our services, which will include mental health services and substance abuse programs."

The big move is targeted for April 15. More than 100 Romulus families make use of the Help Center, which was founded by Mayor Beverly McAnally. Another 56 individuals who depend on the center are involved with the senior program.

The services, however, are not limited to the Romulus area because the Center is open to

The new location for the Romulus Help Center is 9340 Wayne Road. ANP photo by Werner Slocum/staff photographer

all individuals in western Wayne County, Plant said.

"Since 1973, we've been providing outpatient health services," Plant said.

The Help Center has a wide range of professional staff members, which include social workers and psychiatrists. Plant said additional staff could be added in the near future after the move is made.

"It will be probably another

six months or so before adding staff will be considered," Plant said.

A ribbon-cutting ceremony will be staged at 2 p.m. May 1 at the new location.

Plant recently received a \$648 check for the Help Center from Carolyn Landis, chairwoman of the Crop Walk.

More than \$10,000 was collected by 150 participants in the Crop Walk from five churches

in Belleville and the Romulus Methodist Church. The Help Center portion of the funds will be used by a number of programs, according to Plant.

"The money is earmarked for assistance with seniors, the hungry, shelters and other kinds of relief needs," Plant said.

The Help Center has been receiving funds from the Crop Walk for more than eight years.

Electrical problem caused fire

By MARGO DEWEY
ANP Staff Writer

Fire officials said a house fire March 23 on Burton Street — which claimed the life of Romulus firefighter Donald J. Daughenbaugh — was caused by an electrical malfunction in the kitchen.

Daughenbaugh, 25, died last week of an apparent heart attack shortly after helping co-workers to extinguish the fire. Daughenbaugh was buried March 28 at the Denton Cemetery in Van Buren Township.

The home on Burton Street was badly burned, according to Deputy Fire Chief Robert Pecsénye.

"We had 17 firefighters assist from two of our stations," Pecsénye said. "The fire started in the kitchen area where the fuse box was located."

Firefighters arrived at the scene about 1:35 p.m. It took nearly two hours to douse the flames. Firefighters used two pumpers and two rescue vans.

"The family is with relatives right now," Pecsénye said. "It will be up to the insurance company to determine whether or not the home is a complete loss."

Daughenbaugh was a devoted and dedicated firefighter who served the Romulus community for more than five years, according to Romulus Fire Chief William Greenslait.

"He got ill at the scene (of the fire)," Greenslait said. "According to the autopsy report, he had a heart attack."

Daughenbaugh grew up in Romulus and was a graduate of Romulus Senior High School.

Vehicles to be displayed

A special display of World War II-era military vehicles will be displayed from noon until 4 p.m. Sunday at the Yankee Air Force Museum at Willow Run Airport.

Many variations of Jeeps will be on display, including a rare flat-bed Mule made by Willys Overland, a rare Mighty Mite aluminum Jeep, a personnel carrier command car and two light armored vehicles. The collection of equipment, provided by the 1st Michigan Arsenal Democracy Chapter of the Military Vehicle Preservation Association, is one of the largest military exhibits of its kind.

One of a kind Local soda fountain is step back in time

By MARGO DEWEY
ANP Staff Writer

The simple pleasure of sipping an old fashioned Boston cooler on a stool at a real soda fountain isn't as far away as some may think.

Wayne may just be the only city in Western Wayne County which houses the last traditional soda fountain in a drug store. Ron Cobb, owner of Cobb Pharmacy on Wayne Road, believes novelites such as the soda fountain should be preserved for the future generations.

"The soda fountain was here when my father bought the drug store 28 years ago," Cobb said. "When he bought the store, it was originally a party store. People still enjoy coming in here for lunch or just for a snack."

"We have a lot of school teachers here at lunch time and customers waiting for prescriptions like to stop over at the fountain."

Besides maintaining the traditional soda fountain structure, Cobb is also using the same equipment which came with the fountain 28 years ago. The equipment includes an

antique Coca Cola machine.

"We just had a repairman here the other day, and he told me he couldn't service the machine anymore because the parts are no longer in existence," Cobb said.

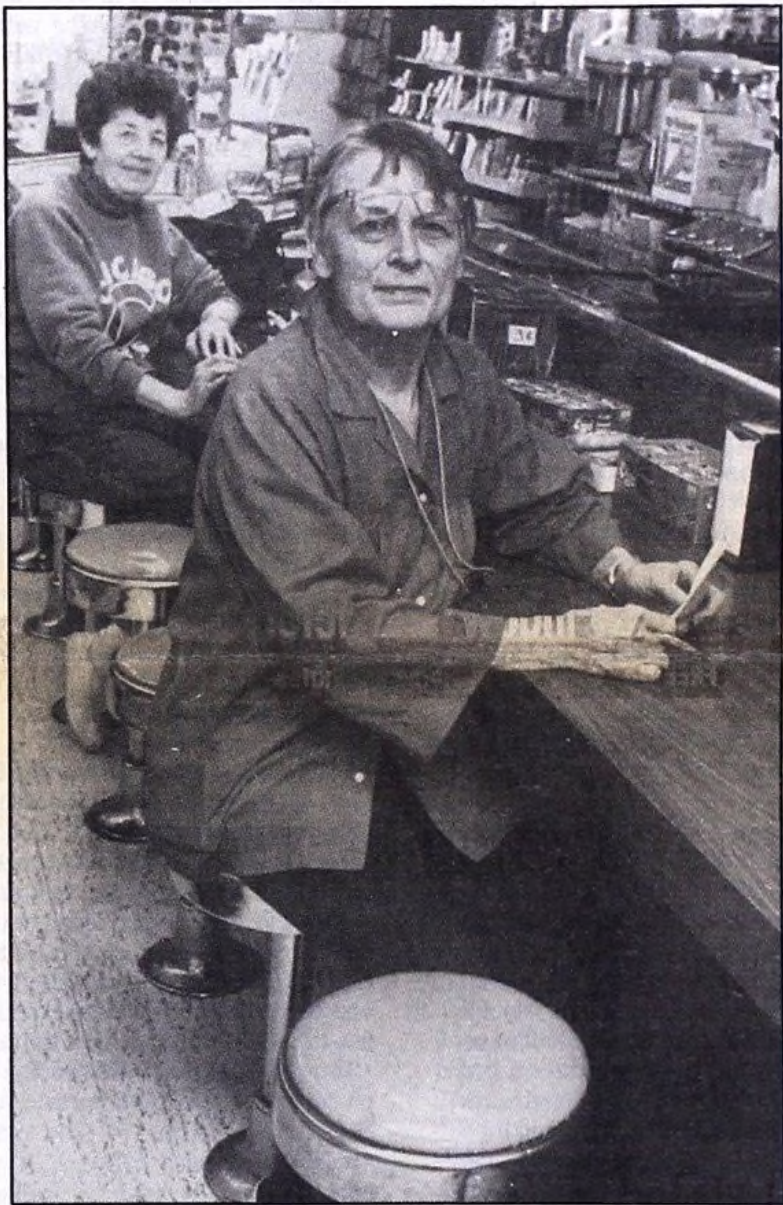

Soda fountains traditionally have been a meeting place for friends to get together to talk or pass the time. Wayne resident Judy Sanders has made a habit of walking to the drug store from her home for more than 20 years.

"Since I could walk I've been coming here," Sanders said. "It's sociable. I enjoy coming here every day for a sandwich. I have friends here. People ask me why don't I just stay home and make a sandwich. It's just not the same thing."

Vera Cannon, waitress at the soda fountain, has been serving Wayne residents for more than 20 years.

"We use real Strohs ice cream," Cannon said.

Those interested in going back in time for that root beer float can try their luck at finding an empty stool at Cobb Pharmacy soda fountain from 9 a.m. until 7 p.m. Monday through Friday and 9 a.m. until 6 p.m. on Saturday.

Clerk Vera Cannon, front, with customer Marge Nelson at the Cobb's Pharmacy soda fountain. ANP photo by Werner Slocum/staff photographer

Schools protest proposed Hale Creek bridge

By MARGO DEWEY
ANP Staff Writer

Romulus school officials recently informed city officials that if a bridge was installed over the drainage ditch at the Hale Creek Elementary School, it would not solve a current foot traffic problem by students, but only increase the problem.

City officials last month expressed their concern about students cutting through the property on Burning Tree and Harrison. Willard Bower, supervisor of maintenance and operation for Romulus schools, explained the situation through a letter to Steve Banko, city ordinance director.

"I cannot find any justification to warrant the expense nor

the liability involved by installing a bridge over the drainage ditch at Hale Creek," Bower said. "The current problem that exists as far as foot traffic would not be solved, but only increased."

Banko listed a number of reasons to councilmembers why a bridge shouldn't be constructed, including:

- In the past, the property on

Burning Tree and Harrison were vacant and owned by the city. Children could cut through the open lots causing little or no problems regarding trespassing.

- The lots have all been developed, and in order for anyone to use the walkway, they would have to walk along the side of the Hale Creek, which in the opinion of Banko, would be

unsafe and hazardous to the children.

- The children would be trespassing on various homeowners' properties.

- The school district does not intend to construct a foot bridge because of the expense.

Romulus councilmembers did not take any action on the foot traffic problem at the March 25 council meeting.

Homeless shelter set to open soon at Eloise site

The construction is finished, the finishing touches are being added and an opening date should be announced soon.

The Wayne County Family Center, a place for homeless families, is expected to open within the next month. Wayne County Executive Ed McNamara could announce the opening any day now, according to Bryce Denison, information officer for the center.

"I can reassure you the center will be open within the next month," Denison said.

When it does open, the eyes of the entire nation will be focused upon it. The center is the first kind to give homeless families a place to live, while helping them to get back on their feet again.

When a family enters the center not only will they have a place to live, but they will also be able to talk with social workers, children can attend school, and they will learn some skills that will keep them off the streets and help them to re-enter the job market.

The idea is so different from a traditional shelter, that county officials won't refer to the center as a shelter. "We're trying to stay away from the word shelter," Denison said.

County officials, Wayne Metropolitan Services officials and Homeless Advisory Committee

members made sure the former Eloise building, located near Henry Ruff Road and Michigan Avenue, had a homey look. They went as far as making sure the architect designed the inside and outside of the building more like a home.

Each family will also have a mentor — someone who has

been in the same position, and have been able to turn their life around.

Employees are currently being trained at the center. Manager Linda Makowski has been training the employees and is almost ready to begin training the volunteers.

Thirty-eight communities in

City sets public hearing

Romulus residents may see an end to the recession sooner than other communities as new developers slowly take an interest in making a home in the city.

Councilmembers last Monday set a 5:45 p.m. April 22 public hearing for Standon Investment officials, a Lincoln Park company, interested in developing a light industrial subdivision on Wahrman Road,

according to City Clerk Linda Choate.

"The request is for the establishment of an industrial development district on 80 acres of vacant land situated on the east side of Wahrman Road, 1,300 feet south of Eureka Road," Choate said.

The industrial subdivision would consist of office assembly, research, warehousing

and light manufacturing, employing 1,500 to 1,750 people, according to Donald Kegley, an agent for Standon Investment Co.

"Specifically, we are planning a light industrial development with facilities ranging in size from 10,000 square feet to 200,000 square feet," Kegley said. "We envision a total of 25 to 30 buildings in the park."

CITY OF ROMULUS

CHAPTER 35

ARTICLE VIII

SIZE WEIGHT AND LOAD RESTRICTIONS

An Ordinance to Amend Chapter 35 of the Code of Ordinances by the Addition of an Article VIII for the purpose of enforcing size, weight and load restrictions on the streets and roadways within the City of Romulus. THE CITY OF ROMULUS, WAYNE COUNTY, MICHIGAN DOES HEREBY ORDAIN:

Section 1: Short Title: This ordinance shall be known and cited as the amended Traffic and Motor Vehicle Ordinance.

Section 2: Chapter 35 is hereby amended by the addition of a new Article to be known as Article VIII providing for enforcement of size, weight and load restrictions on the streets and roadways within the City of Romulus.

ARTICLE VIII - WEIGHTS & MEASURES

DIVISION 1 - AUTHORITY

35-900. Inspection of Vehicles. Equipment on motor vehicles as required under Act 303, P.A. 1949, as amended, as well as this ordinance, shall be maintained. A uniformed police officer may, on reasonable grounds shown, stop a motor vehicle for inspection, and if any defects in equipment are found, (s)he may issue an appropriate citation to the operator and further, may order the operator to have the defect(s) repaired immediately. In the case of an accident, a police officer may make an inspection of the vehicle involved in the accident.

State Law Reference MCL 257.715(1)

35-901. Driving vehicle of size or weight exceeding stated limitations, misdemeanor or civil infraction; power of local authorities. Unless specifically declared to be a civil infraction, it is a misdemeanor for a person to drive or move or for the owner to cause or permit to be driven or moved on a highway, a vehicle or vehicles of a size or weight exceeding the limitations stated in this article or otherwise in violation of this chapter.

35-902. Inapplicability of provisions. The provisions of this chapter governing size, weight, and load shall not apply to a fire apparatus, or to an implement of husbandry incidentally moved upon a highway, or to a vehicle operated under the terms of a specific permit issued as provided in the Michigan Vehicle Code.

State Law Reference MCL 257.716

35-903. Authority to require weighing of vehicle. (1) A police officer or a duly authorized agent of the City of Romulus, having reason to believe that the weight of a vehicle and load is unlawful may require the driver to stop and submit to a weighing of the vehicle by either portable or stationary scales approved and sealed by the department of agriculture as a legal weighing device, and may require that the vehicle be driven to the nearest weighing station of the state transportation department for the purpose of allowing an officer or agent of the state transportation department or county road commission to determine whether the conveyance is loaded in conformity with this chapter. Same; Use of duly marked vehicle by agent. (2) An agent or authorized representative of the City of Romulus shall not stop a truck or vehicle in movement upon a road or highway within the said city for any purpose, unless the agent or authorized representative is driving a duly marked vehicle, clearly showing and denoting it as a city vehicle.

35-904. Enforcement by police officer, investigation; detention of driver; arrest. Any police having reason to believe that the load, weight, or height of a vehicle or load is in violation of section 35-900 et seq, which violation is a misdemeanor, may require the driver of the vehicle to stop, and the officer may investigate, weigh, or measure the vehicle or load. If after personally investigating, weighing, or measuring the vehicle or load, the officer determines that the load, weight, or height of a vehicle or load are in violation of the requirements of Section 35-900 et seq, the officer may temporarily detain the driver of the vehicle for purposes of making a record or vehicle check, may make an arrest for the violation, and may proceed as otherwise provided in this code.

35-905. Police officer, extraterritorial authority. A police officer of this city, may exercise authority and powers outside this city when enforcing this chapter on a street or highway which is on the boundary of the city, the same as if in this city.

35-906. Failure to stop vehicle. A driver or owner of a vehicle who knowingly fails to stop when requested or ordered to do so by a police officer, or a duly authorized agent of the City of Romulus, who is, by virtue of this Code, authorized to require the driver to stop and submit to a weighing of the vehicle and load by means of a portable scale, is guilty of a misdemeanor.

35-907. Information to be painted on trucks, tractors, trailers. (1) All motor trucks or tractors, except as provided in subsection (3), of more than 5,000 pounds registered weight and all towing or platform bed wrecker road service vehicles in operation upon the public highways of this state shall have the name, city and state or the registered logo or emblem of the registered owner of the vehicle, and lessee of the vehicle if the vehicle is being operated under lease, painted or permanently attached on each side of the cab on a motor truck or truck tractor in letters of not less than 3 inches in height, not lower than the bottom edge of the door, except that motor trucks with closed van bodies may place the information on each side of the van body not lower than the bottom edge of the cab door. This information shall be in sharp color contrast to the background.

Same; Removable identification devices. (2) Except for towing or platform bed wrecker road service vehicle, the identification requirements of subsection (1) may be met through the use of removable devices which meet the requirements of subsection (1). These devices shall be of durable construction and securely attached to each side of the motor truck or truck tractor. The removable devices shall be attached so that the identification is in a horizontal position.

Same; Nonapplicability to farm trucks. (3) This section shall not apply to trucks eligible for and equipped with farm license plates.

Same; Civil Infraction. (4) A person who violates this section is responsible for a civil infraction.

DIVISION 2 - FLAMMABLE

35-908. Transportation of flammable liquids in bulk; restrictions; statutory construction. (1) Notwithstanding any other provision of this section, a truck tractor pulling a semitrailer and trailer combination or a truck tractor pulling 2 semitrailers shall not transport, except between the hours of midnight to 6 a.m. on routes and at times designated by the state fire safety board, a flammable liquid, in bulk, which has a flash point at or below 70 degrees Fahrenheit within a county having a population of 600,000 or more. In addition, a truck, a truck pulling a trailer, or a truck tractor pulling a semitrailer shall not transport, except between the hours of midnight to 6 a.m. on routes and at times designated by the state fire safety board, a flammable liquid, in bulk, which has a flash point at or below 70 degrees Fahrenheit, in a quantity of more than 9,000 gallons within a county having a population of 600,000 or more. The exceptions provided by this subsection for transport on routes designated by the state fire safety board shall be construed to permit that transport only for the purpose of picking up or delivering a flammable liquid at a supply depot.

Same; Transportation of flammable liquids in bulk; fire safety standards. (2) Notwithstanding any other provision of this section, a truck, truck pulling a trailer, truck tractor pulling a semitrailer, a truck tractor pulling a semitrailer and trailer combination, or a truck tractor pulling 2 semitrailers shall not transport a flammable liquid, in bulk, which has a flashpoint at or below 70 degrees Fahrenheit within this state, unless the truck, truck and trailer combination, truck tractor and semitrailer combination, truck tractor, semitrailer, and trailer combination, or truck tractor and 2 semitrailer combinations meet safety standards as determined by the state fire safety board.

Same; Transportation of flammable liquids in bulk; truck with certain water capacity; restrictions. (3) Notwithstanding any other provision of this section, a truck with a water capacity of more than 9,500 gallons, a truck tractor pulling a semitrailer with a water capacity of more than 9,500 gallons, a truck pulling a trailer, a truck tractor pulling a semitrailer and trailer combination, or a truck tractor pulling 2 semitrailers

shall not transport a flammable liquid, in bulk, which has a flash point at or below 70 degrees Fahrenheit in this state, unless the existing manhole or inspection ports of each truck, semitrailer, or trailer in the vehicle combination has been equipped with devices which are capable of withstanding the forces caused by an internal pressure of 50 pounds per square inch, applied and held at least 50 milliseconds, and then released to 2 pounds per square inch, without having any residual venting of flammable liquid during the subsequent 2 pounds per square inch condition.

Same; Trucks, semitrailers manufactured after certain date; prohibition; exception. (4) Notwithstanding any other provision of this section, a truck or truck tractor pulling a semitrailer, a semitrailer and trailer combination, or 2 semitrailers shall not transport a flammable liquid, in bulk, which has a flash point at or below 70 degrees Fahrenheit in this state, if the truck or semitrailer, a semitrailer and trailer combination, or 2 semitrailers are manufactured after July 1, 1982, or was manufactured before July 1, 1982, but was not a vehicle registered in this state by the secretary of state at any time between January 1, 1985 and October 1, 1985 unless the truck or the semitrailer, a semitrailer and trailer combination, or 2 semitrailers have a water capacity of less than 13,800 gallons.

Same; Transportation of flammable liquids in bulk; maximum quantity; effective date. (5) Notwithstanding any other provision of this section, a truck or truck tractor pulling a semitrailer shall not transport a flammable liquid, in bulk, which has a flash point at or below 70 degrees Fahrenheit in a quantity of more than 13,400 gallons, effective upon adoption.

Same; Transportation of flammable liquid in bulk, prohibition; exception; filing of notarized statement; time; bill of lading; daily log contents. (6) Notwithstanding any other provision of this section, a truck or truck tractor pulling a trailer or semitrailer, a semitrailer or trailer combination, or 2 semitrailers shall not transport a flammable liquid, in bulk, which has a flash point at or below 70 degrees Fahrenheit in a quantity of more than 13,400 gallons unless the owner of the truck or truck tractor pulling the trailer or semitrailer, combination semitrailer or trailer, or 2 semitrailers files with the department of state police within 60 days after the effective date of this act a notarized statement that the truck or truck tractor pulling the trailer or semitrailer, semitrailer or trailer combination, or 2 semitrailers did transport a flammable liquid, in bulk, having a flash point at or below 70 degrees Fahrenheit, at any time between March 1, 1985 and October 1, 1985. Attached to the notarized statement shall be one of the following:

- A copy of the bill of lading containing the date the flammable liquid was transported and the permanent identification number of the trailer or semitrailer in which the flammable liquid was transported.
- A copy of the daily log prepared by the driver of the vehicle transporting the flammable liquid which contains the date the flammable liquid was transported and the permanent identification number of the trailer or semitrailer in which the flammable liquid was transported.

35-909. Misdemeanor; fine, imprisonment. (1) The owner or driver of a vehicle which transports a flammable liquid in violation of this section is guilty of a misdemeanor and may suffer a fine up to \$500.00, or 90 day incarceration, or both.

Same; Enforcement. (2) This section shall be enforced only by a police officer.

DIVISION 3 - MEASURES

35-910. Operation or movement of implement of husbandry; extension beyond center line of highway. A person may operate or move an implement of husbandry of any width on a highway as required for normal farming operations without obtaining a special permit for an excessively wide vehicle or load under Section 35-911(5). The operation or movement of the implement of husbandry shall be in a manner so as to minimize the interruption of traffic flow. A person shall not operate or move an implement of husbandry to the left of the center of the roadway from a half hour after sunset to a half hour before sunrise, under the condition specified in the Michigan Motor Code, or at any time visibility is substantially diminished due to weather conditions. A person operating or moving an implement of husbandry shall follow all traffic regulations.

35-911. Width of vehicle or load. (1) The total outside width of a vehicle or the load on a vehicle shall not exceed 96 inches, except as otherwise provided in this section.

Same; Outside width. (2) The total outside width of the load of a vehicle hauling concrete pipe, agricultural products, or unprocessed logs, pulpwood, or wood bolts shall not exceed 108 inches.

Same; Vehicle with pneumatic tires. (3) Except as provided in section (35-910), if a vehicle which is equipped with pneumatic tires is operated on a highway, the maximum width from the outside of 1 wheel and tire to the outside of the opposite wheel and tire shall not exceed 102 inches, and the outside width of the body of the vehicle or the load on the vehicle shall not exceed 96 inches.

Same; Width of bus. (4) The total outside width of a bus shall not exceed 102 inches.

Same; Permit. (5) A vehicle shall not extend beyond the center line of a state trunk line highway except when authorized by law. Except as provided in section (35-910), if the width of the vehicle makes it impossible to stay away from the center line, a permit shall be obtained under MCL 257.725.

35-912. Designation of highway for operation of vehicle or vehicle combination. (1) The director of the state transportation department, a county road commission, or the city may designate a highway under the agency's jurisdiction as a highway on which a person may operate a vehicle or vehicle combination which is not more than 102 inches in width, including load, the operation of which would otherwise be prohibited by this section. The agency making the designation may require that the owner or lessee of the vehicle or of each vehicle in the vehicle combination secure a permit before operating the vehicle or vehicle combination. This subsection does not restrict the issuance of a special permit under MCL 257.725 for the operation of a vehicle or vehicle combination. This subsection does not permit the operation of a vehicle or vehicle combination described in Division 2, carrying a load described in that section if the operation would otherwise result in a violation of that Section.

Same; Violation as civil infraction; owner charged. (2) A person who violates this section is responsible for a civil infraction. The owner of the vehicle may be charged with a violation of this Section.

35-913. Width of load carried on passenger-type vehicle; violation, civil infraction. (1) A passenger type vehicle shall not be operated on a highway with a load carried on the vehicle extending beyond the line of the fenders on the left side of the vehicle nor extending more than 6 inches beyond the line of the fenders on the right side of the vehicle.

(2) A person who violates this Section is responsible for a civil infraction.

35-914. Height of vehicle or load; liability for damage to bridge or viaduct. A vehicle unloaded or with load shall not exceed a height of 13 feet 6 inches. The owner of a vehicle which collides with a lawfully established bridge or viaduct shall be liable for all damages and injury resulting from a collision caused by the height of the vehicle, whether the clearance of the bridge or viaduct is posted or not.

35-915. Length requirements; truck tractor, semitrailer, trailer; operation only on certain highway and routes; exceptions; devices excluded from length determinations. (1) A vehicle, except a truck tractor, trailer, or semitrailer, including load, shall not exceed a total length of 40 feet. The total length of a semitrailer operating in a truck tractor and total length of a semitrailer operating in a truck tractor and semitrailer combination shall not exceed 53 feet, including load. All semitrailers longer than 50 feet shall have a wheel base of 40.5 feet plus or minus 0.5 feet, measured from the kingpin coupling to the center of the rear axles or to the center of the tandem axle assembly if equipped with 2 axles. A combination of truck tractor, semitrailer, and trailer, or truck and semitrailer or trailer, or a combination of truck tractor and 2 semitrailers, including load, shall not exceed a total overall length of 59 feet except as provided for on routes designated and approved by the state transportation department and by local authorities with respect to highways under their jurisdiction on which a person may operate a

combination of a truck tractor, semitrailer, and trailer or a truck tractor and 2 semitrailers with no limit on the overall combination length, if the length of each semitrailer or trailer including load does not exceed 28 1/2 feet. A truck tractor and semitrailer combination with a semitrailer length longer than 50 feet shall not be allowed to operate with more than 2 axles on the semitrailer. All truck tractor and semitrailer combinations with a semitrailer length longer than 50 feet shall travel exclusively on highways designated by the appropriate road authority. The city shall have the option of prohibiting stops within their jurisdictions unless the stop occurs along appropriately designated routes, or is necessary for emergency purposes or to reach shippers, receivers, warehouses, and terminals along designated routes. A trailer or semitrailer in actual and lawful use in this state on December 1, 1982, may be operated in this state for the life of the vehicle in a combination with other vehicles in actual and lawful use in this state as of December 1, 1982, if the combination was of legal length under the law of this state immediately preceding January 24, 1984. In calculating the length of a trailer or semitrailer under this subsection, the length shall be based on the cargo carrying portion of the vehicle only, including load. A truck tractor or other motor vehicle shall not haul more than 1 trailer and 1 semitrailer or more than 2 semitrailers in combination at any 1 time, except that a farm tractor may haul 2 wagons or trailers or garbage and refuse haulers may, during daylight hours, haul up to 4 trailers for garbage and refuse collection purposes, not exceeding in any combination a total length of 55 feet at a speed of not exceed 15 miles per hour. In determining the length of a vehicle or a vehicle combination under this subsection, the length shall not be considered to include safety and energy conservation devices including, but not limited to, impact absorbing bumpers, rear view mirrors, turn signal lamps, marker lamps, steps and hand holds for entry and egress, flexible fender extensions, mud flaps, or splash and spray suppressant devices; load induced tire bulge; refrigeration or heating units; or air compressors. A device shall be excluded from a determination of length only if it is not designed or used for the carrying of cargo.

Two semitrailers pulled by truck, use of fifth wheel connecting assembly. (2) If a combination of 2 semitrailers is pulled by a truck or truck tractor, a fifth wheel connecting assembly which conforms with motor carrier safety rules promulgated by the department of state police pursuant to the motor carrier safety act of 1963, Act No. 181 of the Public Acts of 1963, as amended, being section 480.11 to 480.21 of the Michigan Compiled Laws, shall be used on each semitrailer.

Same; Trains of vehicles. (3) A train of vehicles or a vehicle operated alone shall not carry a load extending more than 3 feet beyond the front of the train of vehicles or vehicle.

35-916. Rear fender or bumper requirements. (1) A motor vehicle, trailer, or semitrailer whose frame or body extends more than 36 inches beyond the rear of its rear axle and is more than 42 inches above the roadway shall not be operated on the highways of this state unless equipped with a fender or bumper on the extreme rear of the frame or body. The bumper shall extend downward from the rear of the frame or body to within 30 inches of the roadway and be of substantial construction.

Same; Underride guard requirement. (2) A truck tractor and semitrailer combination with a semitrailer length longer than 50 feet whose frame or body extends more than 36 inches beyond the rear of its rear axle and is more than 42 inches above the roadway shall not be operated on the highways of this state unless equipped with an underride guard on the extreme rear of the frame or body. The underride guard shall meet all of the following requirements:

- Two side marker lamps which display an amber light, 1 on each side of the semitrailer, located at 1/2 the distance from the front to the rear of the semitrailer.
- Two reflectors which reflect an amber light, 1 on each side of the semitrailer, located at 1/2 the distance from the front to the rear of the semitrailer.
- Two clearance lamps, 1 on each side of the semitrailer, located at 1/2 the distance from the front to the rear and as near to the top of the semitrailer as practicable.

Same; Lamp distance and lighting specifications. (3) A lamp required under subsection (2) shall be lighted at the times specified in the Motor Vehicle Code and shall be visible when lighted at a distance of 500 feet from the side of the semitrailer on which it is mounted. A reflector required under subsection (2) shall be visible at the time specified in the Motor Vehicle Code from all distances from 50 to 500 feet from the semitrailer when directly in front of lawful upper beams of headlamps.

35-917. Vehicle carriers; size and load restrictions. Notwithstanding any other provisions of this section, a person may operate a combination of truck tractor, semitrailer, and trailer, or truck tractor and semitrailer or trailer designed and used exclusively to transport assembled motor vehicles or bodies, recreational vehicles, or boats, which does not exceed a total length of 65 feet. The load on the combination of vehicles may extend an additional 3 feet beyond the front and 4 feet beyond the rear of the combination of vehicles.

[Retractable extensions used to support and secure the load that do not extend beyond the allowable overhang for the front and rear shall not be included in determining the length of a loaded vehicle or combination of vehicles.]

35-918. Combinations; maximum axle allowance. (1) A combination of vehicles shall not have more than 11 axles.

Same; Combinations; vehicle carriers; length restrictions; designated routes. (2) Notwithstanding any other provisions of this section, a number of motor vehicles, wholly or partially assembled, may be transported over the highways of this state in combination, utilizing 1 tow bar or 33 saddle mounts with full mount mechanisms and utilizing the motive power of 1 of the vehicles in combination. The combination shall not exceed the maximum length of 65 feet for the transportation of assembled motor vehicles, and the vehicles in the combination shall be adequately and securely fastened together in compliance with regulations of the state and of any federal agency having jurisdiction over the transportation. If motor vehicles are towed by means of triple saddle mounts, the towed vehicles shall have brakes acting on all wheels which are in contact with the roadway. A combination exceeding 55 feet in length may be operated only on highways and routes approved and designated for that operation by the state transportation department and by the city with respect to highways under its jurisdiction.

35-919. Violations; owner's liability. A person who violates this section is responsible for a civil infraction. The owner of the vehicle may be charged with a violation of this section.

DIVISION 4 - LOADS & LOADING

35-920. Prevention of escape of contents; loading and construction requirements; commercial vehicles carrying logs or tubular products, exception. (1) A person shall not drive or move a vehicle, except a commercial vehicle carrying logs or tubular products on a highway unless the vehicle is so constructed or loaded as to prevent its contents from dropping, sifting, leaking, blowing off, or otherwise escaping from the vehicle. The tailgate, faucets and taps on a vehicle shall be securely closed to prevent spillage during transportation whether the vehicle is loaded or empty, and the body of the vehicle shall not have any holes or cracks through which material can escape. Any highway maintenance vehicle engaged in either ice or snow removal shall be exempt from this act.

Same; Lack of necessity for proof of actual spillage or proof thereof.

(2) Actual spillage of material on the highway or proof of that spillage is not necessary to prove a violation of this section.

Same; Commercial vehicles not completely enclosed. (3) A commercial vehicle carrying a load, other than logs or tubular products, which is not completely enclosed shall meet either of the following requirements:

- Be loaded so that no part of the load making contact with any sideboard or side panel or rear part of the enclosure shall be within 6 inches of the top of the part of the enclosure contacted, unless the load is covered with firmly secured canvas or similar type covering.

Students honored

Academic excellence was rewarded among students at Cory Elementary School.

Honored were:

3rd Grade
Principal's Honor Roll
Cassie Bake, Crystal Massey, Anton Poole and Ernest Tolbert.

Honor Roll
Ron Bell, Candice Bingham, Daniel Carter, Monique Chadwick, Naketa Copeland, Keri Deverich, Tyra Donald, Christopher Dunham, LaDonna Franklin, Richard Gnas, Katherine Hefeli, Marcel Hardeman, Kevin Healty, Amanda Hislop, Bryan Hunt, Charles James, Dinah Malosh, Shawn Whitehead and Mya Williams.

4th Grade
Principal's Honor Roll
Victoria Betty, Robin Canterbury, Mamie Kesner, Chanel Killebrew, Carlton McCauley, Nicolle Moue, Andre Parson, Carissa Slone, Bobby Wilson and Melissa Moomaw.

Honor Roll
Katrina Anderson, William Chapman, Dominic Evitts, Matthew Gibbons, Jessica Grant, Krystal Johnson, Fred Russell, Scott Stahl, LaVita Warren, LaTina Williams and Kevin Wilson.

5th Grade
Principal's Honor Roll
Mary Moore and Joshua Morton.

Honor Roll
Jesse Bake, Wayne Bingham, Annette Fulton, Antonia Gibson, April Kent, Sherrie LaBelle, Roger Marion, Adrienne Roberts, Gregory Scott, Leslie Sloon, Sabrina Stetter, Erica Sutton, Antoine Smith, Reginald Williams and Laura Wright.

6th Grade
Principal's Honor Roll
Quaylynn Barden, Kelly Callison, Jessica Cyburt, Tiffany Faison, Sara Hudson, Tiffany Kerekes, Ted Kesner, Cynthia King, Marie Madison, Kellie Massey, Bryant McCauley, Tara Minda, Rebecca Shelby, Konta Turrentine, Holly Wright and Karissa Vichinsky.

Honor Roll
Thomas Adkins, Lianna Daly, Antonia Cooper, Lisa Evitts, Sylvia Hall, Asia Hellum, Andrew Imielowski, Christopher Killebrew, Kathy Kraft, Michael Smith, Kenita Parks, Ericka Rinehart, Joey Swartz and Cherise Yarbrough.

Michelle Williams

Student is praised

Name: Michelle Williams
Grade: 9
Age: 16
Parent/Guardian: Mr. and Mrs. David Williams
Sponsor: Jim Hadley
Favorite subject: Math and English
Extra curricular activities: Varsity volleyball and swimming
Hobbies and/or outside interests: Bowling, listening to music and spending time with my family and friends.
When I graduate from high school, I plan to: Obtain a good job so than I can have a nice home for my son and I.
Something about society I would like to change: Child Abuse, whether emotional or physical, should be stopped. If witnessed or suspected, it should be reported immediately.
Something I've done of which I am very proud: This year, when I came back to school, I prona-ised myself I would do well and make the honor roll. I'm glad that I kept my promise.
Favorite Hangout: Both the Westland and Southland malls and my friend's house.
Famous person I would really like to meet: I would like to meet W. Axle Rose. He is my favorite singer and has been for some time.
Mrs. Hill's Comments: Michelle has a great attitude and a splendid attendance record. She always has her homework, participates daily in class and has earned straight A's on her tests.

Continued from page A-4

- (b) Have the load securely fastened to the body or the frame of the vehicle with binders of adequate number and of adequate breaking strength to prevent the dropping off or shifting of the load. Same; Violation; prima facie liability. (4) A company or individual who loads or unloads a vehicle or causes it to be loaded or unloaded, with knowledge that it is to be driven on a public highway, in a manner so as to cause a violation of subsection (1) shall be prima facie liable for a violation of this section.
- Same; Conditions for carrying logs or tubular products. (5) A person shall not operate a motor vehicle carrying logs or tubular products on a highway unless the following conditions are met:
- (a) If the logs or tubular products are loaded crosswise or at right angles to the side of the vehicle, the load of logs or tubular products shall be securely fastened to the body or frame of the vehicle with not less than 2 binders which are secured to the frame and binders completely encircle the load.
- (b) If the vehicle is a truck or trailer carrying logs which has a loading surface more than 33 feet in length and the logs are loaded crosswise or at right angle to the side of the vehicle, the vehicle shall be equipped with a center partition located approximately 1/2 the distance from the front to the rear of the loading surface of the truck or trailer. The center partition shall be either a center mounted hydraulic loader or a center set of stakes and shall be pinned, bolted, or otherwise securely fastened to the frame. The load shall be secured as required by subdivision (a) and, in addition, the 2 length-wise tie downs shall be attached or threaded through the center partition at a level not less than 1 foot below the load height.
- (c) If the logs or tubular products are loaded lengthwise of the vehicle obliquely or parallel to the sides, with metal stakes and pockets, the load of logs or tubular products shall be secured as follows:
- (i) With 2 tie downs from frame to frame for every tier.
- (ii) So that not more than 1/2 the diameter of the top log or tubular product extends higher than the stake tops.
- (iii) With 2 cross chains per tier if the load extends more than 5 feet above the loading surface.
- (iv) So that every 10 linear feet, and any remaining fraction thereof, has not less than 1 tie down from frame to frame.
- (d) If the logs or tubular products are loaded lengthwise of the vehicle, obliquely or parallel to the sides, with permanent metal gusseted bunks, the load of logs or tubular products shall be secured as follows:
- (i) With 2 tie downs from frame to frame for every tier.
- (ii) So that not more than 1/2 the diameter of the top log extends higher than the stake tops.
- (iii) So that every 10 linear feet, and any remaining fraction thereof, has not less than 1 tie down from frame to frame.
- (e) The tie downs, cross chains, stakes, and other materials used to secure loads of logs or tubular products as required under subdivisions (a) to (d) shall meet the following minimum requirements:
- (i) Chain shall be steel and shall be of a strength not less than 5/16 inch in diameter "transport", which is embossed with a grade stamp representative of grade 70, or not less than 3/8 inch in diameter "high test", which is embossed with a grade stamp representative of grade 40. Chain shall not be repaired by welding, wire, or cold shuts.
- (ii) Wire rope shall be of improved plow steel and not less than 3/8 inch in diameter.
- (iii) Webbing strap shall be not less than 3 inches in width and shall have a minimum breaking strength of 14,000 pounds.
- (iv) Metal stakes shall be of sufficient strength to hold and contain the load.
- (v) Connecting links and hooks shall be at least as strong as the tie down material used.

Same; Inapplicability of section; transporting agricultural commodities; farm operations. (6) This section shall not apply to a person operating a vehicle to transport seasonal agricultural commodities at the time of harvest or in the normal operation of the farm.

Same; Inapplicability of subsection as to vehicles not completely enclosed. (7) Subsection (3) shall not apply to a motor vehicle transporting items of a load which because of their weight will not fall off the moving vehicle and which have their centers of gravity located at least 6 inches below the top of the enclosure.

Same; Violation; misdemeanor; penalty. (8) A person who violates this section is guilty of a misdemeanor.

Same; Definitions. (9) As used in this section:

(a) "Cross chain" means a chain which extends through the load of logs or tubular products and is connected at each end to a side stake.

(b) "Logs" means sawlogs, pulpwood, or tree length poles.

(c) "Tie down" means a high strength material which is used to secure the load of logs or tubular products to the frame or the bed of the vehicle.

(d) "Tier" means a vertical pile or stack of logs or tubular products.

35-921. Gross vehicle weight, gross axle weight; determination; exception. (1) For the purpose of enforcement of this act, the gross vehicle weight of a single vehicle and load or a combination of vehicles and loads, shall be determined by weighing individual axles or groups of axles, and the total weight on all the axles shall be the gross vehicle weight. In addition, the gross axle weight shall be determined by weighing individual axles or by weighing a group of axles and dividing the gross weigh of the group of axles by the number of axles in the group. Pursuant to subsection (8), the overall gross weight on a group of 2 or more axles shall be determined by weighing individual axles or several axles, and the total weight of all the axles in the group shall be the overall gross weight of the group.

Same; Gross vehicle weight over certain amount; designation of highways; requirements; formula. (2) The loading maximum in this subsection shall apply to interstate highways, and with respect to highways under its jurisdiction, may designate a highway, or a section of a highway, for the operation of vehicles having a gross vehicle weight of not more than 80,000 pounds which are subject to the following load maximums:

(a) 20,000 pounds on any 1 axle including all enforcement tolerances.

(b) A tandem axle weight of 34,000 pounds including all enforcement tolerances.

(c) An overall gross weight on a group of 2 or more consecutive axles equaling:

$$W = \frac{500(LN)}{(N-1)} + 12N + 36$$

where W = overall gross weight on a group of 2 or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of a group of 2 or more consecutive axles, and N = number of axles in the group under consideration; except that 2 consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the first and last axles of the consecutive sets of tandem axles are not less than 36 feet apart. The gross vehicle weight shall not exceed 80,000 pounds including all enforcement tolerances. Except for 5 axle truck tractor, semitrailer combinations having 2 consecutive sets of tandem axles, vehicles having a gross weight determined by application of the formula in this subsection shall be subject to the maximum axle loads of subsections (1) and (2). As used in this subsection, "tandem axle weight" means the total weight transmitted to the road by 2 or more consecutive axles, the centers of which may be included between parallel transverse vertical planes spaced more than 40 inches, but not more than 96 inches, apart, extending across the full width of the vehicle.

Same; Gross weight allowances. (3) The total gross weight of a truck tractor, semitrailer, and trailer combination or a truck tractor and 2 semitrailers combination which exceeds 59 feet in length shall not exceed a ratio of 400 pounds per engine not horsepower delivered to clutch or its equivalent specified in the SAE handbook published by the Society of Automotive Engineers, Inc. (1977).

Same; Civil infraction. (4) A person who violates this section is responsible for a civil infraction.

35-922. Shifting or removal of load; impounding vehicle for nonpayment of fines and costs; lien; appearance before judge or magistrate; powers of agents of highway department or county road commission. When the officer or agent, upon weighing a vehicle and load, determines that the weight is unlawful, the officer or agent may require the driver to stop the vehicle in a suitable place and remain standing until that portion of the load is shifted or removed as necessary to reduce the gross axle load weight of the vehicle to the limit permitted under this chapter. All material unloaded as provided under this subsection shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator. A judge or magistrate imposing a civil fine and costs under this section which are not paid in full immediately or for which a bond is not immediately posted in double the amount of the civil fine and costs shall order the driver or owner to move the vehicle at the driver's own risk to a place of safekeeping within the jurisdiction of the judge or magistrate, inform the judge or magistrate in writing of the place of safekeeping, and keep the vehicle until the fine and costs are paid or sufficient bond is furnished or until judge or magistrate is satisfied that the fine and costs will be paid. The officer or agent who had determined, after weighing a vehicle and load, that the weight is unlawful, may require the driver to provide to a judge or magistrate within the county. If the judge or magistrate is satisfied that the probable civil fine and costs will be paid by the owner or lessee, the judge or magistrate may allow the driver to proceed, after the load is made legal. If the judge or magistrate is not satisfied that the owner or lessee, after a notice and a right to be heard on the merits is given, will pay the amount of the probable civil fine and costs, the judge or magistrate may order the vehicle to be impounded until trial on the merits is completed under conditions set forth in this section for the impounding of vehicles after the civil fine and costs have been imposed. Removal of the vehicle, and forwarding, care or preservation of the load shall be under the control of and at the risk of the owner or driver. Vehicle impounded shall be subject to a lien, subject to a prior valid bona fide lien of prior record, in the amount of the civil fine and costs and if the civil fine and costs are not paid within 90 days after the seizure, the judge or magistrate shall certify the unpaid judgment to the City Attorney, who shall proceed to enforce the lien by foreclosure sale in accordance with procedure authorized in the case of chattel mortgage foreclosures. When the duly authorized agent of the state transportation department or county road commission is performing duties under this chapter, the agent shall have all the powers conferred upon peace officers by the general laws of this state.

35-923. Penalty for weight violation. An owner of a vehicle or a lessee of the vehicle of an owner-operator, or other person, who causes or allows a vehicle to be loaded and driven or moved on a highway, when the weight of that vehicle violates Section 35-921 is responsible for a civil infraction and shall pay a civil fine in an amount equal to 3 cents per pound for each pound of excess load over 1,000 pounds when the excess is 2,000 pounds or less; 6 cents per pound of excess load when the excess is over 2,000 pounds but not over 3,000 pounds; 9 cents per pound for each pound of excess load when the excess is over 3,000 pounds but not over 4,000 pounds; 12 cents per pound for each pound of excess load when the excess is over 4,000 pounds but not over 5,000 pounds; 15 cents per pound for each pound of excess load when the excess is over 5,000 pounds but not over 10,000 pounds; and 20 cents per pound for each pound of excess load when the excess is over 10,000 pounds. However, the court shall have discretionary power as to the amount of civil fine within the schedule provided in section 907(3) of the Michigan Vehicle Code for a civil infraction where, at the time of the violation, either the motor vehicle, motor vehicle and semitrailer, or trailer did not exceed the total weight which would be lawful for each unit by a proper distribution of load upon the various axles supporting each unit.

Section 35-924 - 929 are reserved.

Section 6: Section 35-859 SEVERABILITY
Should any clause, sentence, paragraph, sub-section or section of this Article be declared void or otherwise invalid, for any reason, by any court, such declaration shall not affect any portion of this Article other than the part specifically declared to be void.

Section 7: Effective Date
This ordinance shall become effective immediately upon publication in the official newspaper.

Linda R. Choate, CMC, Clerk
City of Romulus, Michigan

ATTEST: Beverly McAnally, Mayor
Within forty-five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six percent (6%) of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

(Food Bank Program for Romulus Seniors)	
INFORMATION CENTER - HOME SHARE PROGRAM	725.00
(Assistance to Romulus Seniors - Home Share Program)	
FY 1991 CDBG PROGRAM BUDGET	\$97,000.00

Publish: April 4, 1991

PEOPLE

JUST MARRIED

Lents – Marston

Julie Angel Lents and Gregory James Marston were united in marriage Dec. 29, 1990 during a morning ceremony at the First Congregational Church of Wayne.

The Rev. Robert Millar officiated at the double-ring ceremony.

The couple presented their mothers with long-stemmed red roses during the service and the bride's godparents, Rochelle Angel-Kyle and John B. Lents, served as readers. The groom's sister, Pamela Martson, read a poem she wrote for the bride entitled, "Giving My Brother Away."

The church was decorated with poinsettias, red and white roses, snow crystal mums, stephanotis and baby's breath with Christmas greens.

Music was provided by Carter Eggers and Marie Mehler. Preludes by Paul Lehman and Leo Lemery and postlude by Richard Schneider.

The bride wore a Victorian-styled gown of ivory French lace over taffeta. Tiny pearl beads and sequins were hand-sewn on the gown following the lace pattern. She wore an ivory fingertip veil with pearl crown, and carried a cascading bouquet of white roses, stephanotis and Christmas greens.

Mr. and Mrs. Gregory Marston

Serving as maid of honor was Angela Lents, the bride's sister. She wore a gown with forest green velvet bodice and moire taffeta, tea-length skirt. She carried a cascading bouquet of red roses, white snow mums and Christmas greens.

Bridesmaids were Linda Marston, sister of the groom; Kristen Goetz, Janel Hinz and Laura Nork, friends of the bride. They wore gowns identical to the maid of honor.

The best man was Bradley Schmidt, a friend of the groom. Ushers were Stephen Cox, Joseph Moroso, Michael DuBois and Kelly Shaw, friends of the groom.

The men wore dark grey morning coats with grey ascots and vests.

The mother of the bride wore a gown of ivory lace over mauve satin, and the mother of the groom wore a royal blue gown with tiered skirt.

An hors d'oeuvres and lunch reception was hosted by the bride's parents at the Ramada Inn Metro Airport. The groom's parents hosted the rehearsal dinner at the Spaghetti Bender in Ypsilanti.

The groom planned a surprise five-day honeymoon between Michigan and Iowa stopping at bed and breakfast inns. They spent New Year's Eve in Chicago. The couple now resides in Iowa.

The bride, daughter of James and Valerie Lents of Wayne, is a 1986 graduate of Wayne Memorial High School and a 1990 graduate of Eastern Michigan University where she earned a degree in instrumental music education. She is teaching Suzuki violin at Mt. St. Clare College, and substitute teaching in Clinton, Iowa.

The groom, the son of Robert and Loris DeGroff of Minnesota, is a 1988 graduate of the University of Michigan with a degree in instrumental music education. He is the district orchestra director for Clinton schools.

They both perform with the Clinton and Dubuque symphony orchestras.

We invite you to join us at a party to celebrate
the Oakwood family of hospitals:

Coming Together through Advanced Medicine

No matter where you live in western Wayne County or the Downriver area, you have an Oakwood facility nearby—a facility that enjoys the advantage of being affiliated with one of the largest health care systems in the state. Yet, despite the advantages of being a part of the Oakwood family, Oakwood health care sites retain an independence that allows them to respond to the needs of their own communities.

So you have the best of both worlds—Advanced Medicine close to home.

To celebrate the coming together of, and the cooperation between, the six community hospitals of the **Oakwood** network—**Annapolis, Beyer, Heritage, Oakwood, the Oakwood Downriver Medical Center, and Seaway**—we invite you to join us on **Friday, April 26**, at the **Grand Manor of Fairlane** in Dearborn. The evening will include cocktails, dinner, a short program, and dancing. Tickets are **\$35 per person**. Call the **Oakwood Hospital Foundation** at **593-7186** for ticket information.

Oakwood: Integrated, yet Independent.

Opinion

Airport 91: A disaster averted

The continuing saga of Mettetal Airport in Canton Township has taken yet another dramatic turn with the confirmation of soil contamination by the Department of Natural Resources last week.

The extent of contamination, or the amount, has yet to be determined, although the DNR has ordered studies to see if the contamination goes beyond the area of the fuel tanks on the property.

Had Canton township officials decided to purchase this facility and begin operation of a municipal airport at the site, the township would now be liable for the \$10,000 fee for the contamination study and, if necessary, the fees for the clean up of the site. This might have been one of the costliest purchases the township has made.

Township Supervisor Tom Yack and the members of the board of trustees have been subjected to much criticism for their decision not to buy this facility. There have been threats, innuendo and behind-the-scenes maneuvering to change their decision in this matter.

To date, they have stood firm. Now, with the discovery of contamination at the site, it would appear that they not only made the correct decision in the matter, but that they deserve an apology from those who have publicly and privately criticized them.

We have supported their decision since it was rendered, understanding the amount of time and effort spent in studying the situation and discussing the advantages and drawbacks of municipal ownership of an airport. Plymouth city and township officials have also suffered the slings and arrows of public criticism and opinion with their decision to attempt to purchase the airport and operate it as a municipal facility located in another area. There have been threatened recalls, resignations and extensive discussion and energy spent on this issue.

This finding of contamination at the site has prompted a great deal of speculation regarding the examination of the site. Many claim that political motives prompted the testing of the soil. The discovery of the pollutants has been related in terms of a covert spy operation worthy of an espionage expert.

What remains inviolate, however, is the effort of the members of the Canton Township Board of Trustees to protect the interests of the township residents, insure the tax base and operate within a budget which does not allow for the protection of the special interests of a few influential people.

While the controversy will undoubtedly continue to rage, we remain firm in our support of the decision of the Canton Township Board of Trustees, many of whom have learned the hard way that being right is sometimes difficult indeed.

College must make good on reforms

It is gratifying to hear new Wayne County Community College President Rafael Cortada speak about the problems which face the school.

Without any attempt to minimize or color the practices which have mired the facility in charges of wrongdoing and financial mismanagement, Cortada explains that these new findings will only provide him with the evidence to force changes in accounting, enrollment and application procedures. Many of the charges and inaccuracies found in the record keeping were prompted by Cortada's requests for audits of the records.

This may be the last opportunity the school has to implement the reforms necessary for continuance in the area. We have always felt that Wayne County Community College was an excellent idea and provided a valuable service to many who otherwise might not have the opportunity to continue education beyond high school.

We wish Cortada well in his efforts for reforms and commend his attitude of necessary and willing change. We hope he is successful and that he can act in time.

No vote for school millage

To the editor:

Would anyone with a brain vote for more school money under the present circumstances?

School millage has seen the last increase in Van Buren Township if the voters have any sense. By 1993, we will have seen the valuation of our homes double in the six years from 1987.

Don't forget mobile home parks for the most part pay about one tenth of 1 percent of the amount property owners pay.

S.K. Pullen,
Belleville

Meeting tactics are criticized

To the editor:

This letter is relative to the meeting held at John Glenn High School March 25, 1991 set up by the Wayne-Westland school administration for the sole purpose of using high school students to lobby the hard-pressed taxpayers, pulling at their heart strings in any way possible to get a head start on the next millage election which they most likely will hold in June.

LETTERS

Also, it seems to me that one of the meeting purposes was to try to discredit a very fine man, David Moranty, who has spent more volunteer years doing school and community work than some of the leaders being used to discredit him have been of school age. Shame on you.

I have known David Moranty for 14 years and have found him always to be an extremely intelligent, honest, upstanding, honorable but easy-going and, above all, a Christian man who happens to have the power of his own convictions, something I've always believed to be a very desirable character trait to possess.

It is not a good activity for a young parent to engage in the "bashing" of senior citizens, or not so senior, who have paid taxes honorably for 25-35 years, been supportive most of that time to education demands and now are cast in the mold of being uncaring, destructive, selfish, etc. I resent it, as well as many others whom I've spoken with on this problem.

Relative to losing accreditation, it is not all that big a thing. It does not mean all that much. It is my understanding that most all private religious high schools are without sanctioned accreditation.

At one time, one of the finest, most prestigious, private schools in Oakland County was not accredited. So much for accreditation.

Norma Gail Weiser
Wayne

Mayor's silence irks resident

To the editor:

Help me, I'm confused. I'm looking at a brochure describing the City of Westland and the headline reads: "City of Pride, Progress and Promise." Where were you, Mayor Thomas, when a large percentage of your community was fighting to keep its schools from crumbling?

Does the city take pride in its kids and in its schools? Did I overlook your public statement of support for the value of education in our community? Does your pride in the quality of life in Westland include everything except the education of our kids?

If not pride, what about progress? Do you want us to believe that any community can move forward while the school district which serves its kids is forced to move backward? Precisely how will the next generation of Westland youth help their community move toward progress if they are equipped with second-rate skills?

Perhaps they can drop by city hall to get the rest of their education. That surely would be progress.

I can see clearly now that the promise you hold for Westland will be a hard one to deliver on. Perhaps you may want to let your community know that while progress in Westland will mean improvement of city services, better roads and "lots of new street signs" it won't mean that their children will have a decent education or that Westland seniors and adults will have access to new skills and ideas through adult and vocational education. You can just tell all those folks in Westland that they'll have to figure this one out on their own.

Again, many thanks for your "silence" during the recent school millage campaign. It certainly was a brave stand for you to take. I know you'll take a great deal of pride in knowing that you made a major contribution to the defeat of this election. Perhaps you may wish to consider a revision of the city slogan to more accurately reflect your personal point of view as chief administrator. May I suggest "City of pride, progress and promise, except where kids are concerned."

Pay-to-Play takes toll Glenn, Wayne Memorial prepare for 'biggest baseball challenge'

By TOM MOORADIAN
ANP Staff Writer

Westland John Glenn and Wayne Memorial baseball coaches will probably face their biggest challenges of their careers during the 1991 campaign.

Glenn Coach Norm Hoenes and Wayne Coach Jim Chrowski find their ranks thinning because of an implemented Pay-to-Play policy.

Because the school district voters failed to approve millage requests, school district athletes must come up with \$210 each to offset program costs.

"Our numbers are down," said Hoenes, who is preparing to field his 25th team at Glenn. "And Wayne's numbers are also down. I have to attribute it to our Pay-to-Play."

"We usually have 75 reporting for practice. We only had 36. How else can you explain it. The kids just don't have the money. And the 1991 season could be the most trying season in 25 years as coach."

"And the 1991 season could be the most trying season in my 25 years as coach."

Glenn and Wayne have traditionally fielded title contenders in their respected conferences. In fact, the Westlanders have captured three Western Lakes Conference titles and were runner-up twice. And when they did not win, the Rockets were usually only one game out of first place.

This year, the Rockets appear to be in trouble.

"We usually have 75 reporting for practice. We only had 36. How else can you explain it. The kids just don't have the money. And the 1991 season could be the most trying season in 25 years as coach."

— Norm Hoenes
Glenn baseball coach

"Our pitching is definitely questionable," Hoenes said. "We're looking to fill that void."

He doesn't have much time. The Rockets will launch the season at 10:30 a.m. Saturday at Willow Run High School where they will meet the host in the opening game of a four-team tournament. The second game involves Saline and Ypsilanti High.

The two winners will square off at 1:30 p.m. at Willow Run.

Hoenes has several good-looking prospects including returning outfielders John Ward, Andy Gagney and Lawrence Scheffer. Ward will get an opportunity to test his arm on the mound.

Then there are catcher Mike White and Gary Pierce, who has been switched from shortstop to second base.

The rest is up for grabs.

Hoenes sees the perennial powers of the league — Plymouth Salem, Canton, Farmington High and North Farmington — again involved in a dogfight for the conference crown.

"We have always been a contender," Hoenes said. "But with our numbers down, I really don't know how we will do. We're just going to have to wait and see."

Huron looking to improve

By TERRY LYNCH
ANP Special Writer

More of the same is what New Boston baseball Coach Bill Spiecker is hoping for this season. Certainly he doesn't want another year in sixth place.

"My first year as coach, we were lousy. Last year, we improved a great deal defensively, and our pitching improved," said Spiecker. "We were in a lot of ballgames, but we just couldn't drum up the offense we needed to finish up."

The Hurons, who finished with a 6-11 record overall last season, will be looking to a group of third-year seniors for leadership. These players will be expected to carry the offensive load, as well as lead the team defensively.

Senior Matt Hamilton will be playing most of his games at shortstop, just as he did last year. He hit over .300 last year and Spiecker hopes he can pick up where he left off.

Hamilton will also be called on to pitch in relief.

The Hurons main pitching duties will go to Senior Ron Nowitzke. Nowitzke will guard the hot corner as a third baseman, when not on the mound.

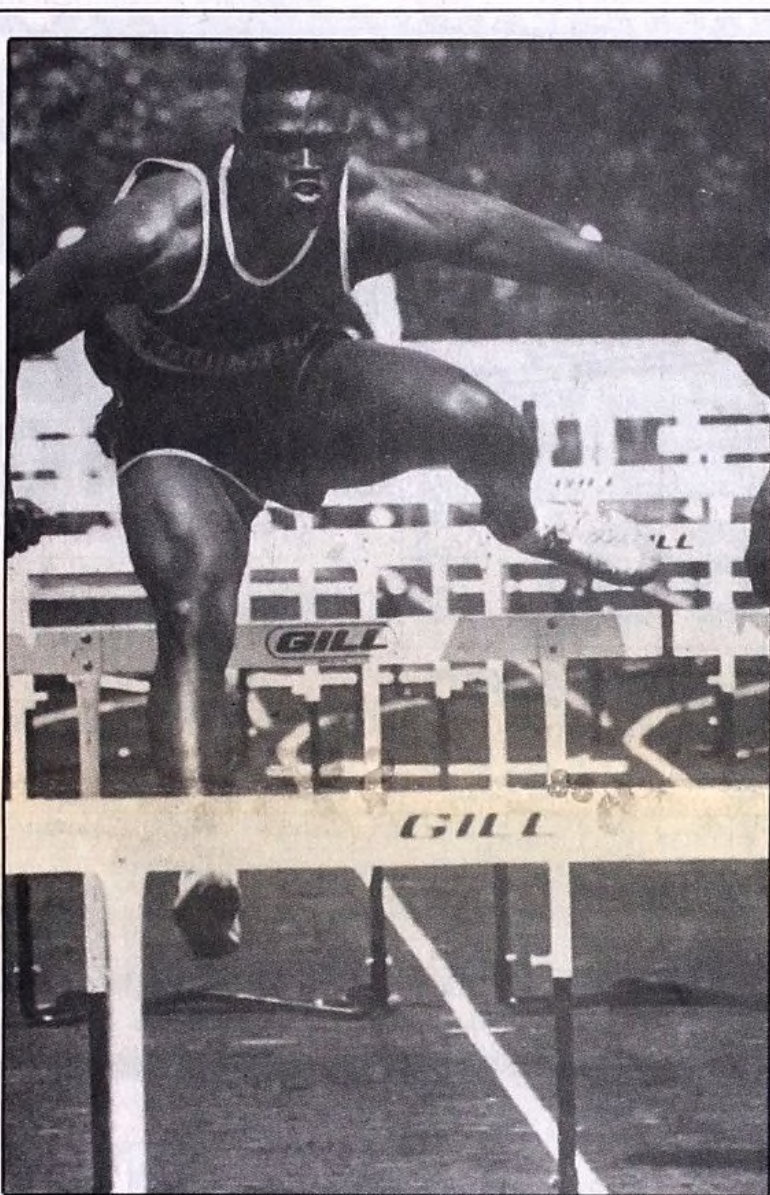

Rounding out the Hurons Big Three is outfielder Dave Delano. Also a .300 hitter last year, Delano will carry offensive responsibilities, as well as the No. 2 spot on the pitching rotation.

Spiecker also mentioned Jason Martini as a player to keep an eye on this season.

The coach expects his team to again be strong defensively, and to have a strong pitching rotation. The question mark will be hitting.

"I've got enough arms, but I haven't got a good read on what type of hitting to expect this year," he said.

He'll be getting a reading on his team's hitting pretty soon. The Hurons open their season April 13 at the Erie-Mason Tournament near Monroe.

On his way

Tyrone Wheatley, one of the finest all-around athletes produced in the area and in the state, will launch his senior track season at Robichaud High School with the eyes of the state focused on him. Wheatley is the defending Class B state champion in four events: the 100 and 200 meters, the long jump and high hurdles. He could be the only high school athlete ever to repeat as a four-time champion. ANP photo by Werner Slocum/staff photographer

Westland seeks baseball officials

Westland Youth Athletic Association officials on Tuesday said they are seeking qualified umpires to officiate baseball games during the summer season.

The WYAA suits up scores of boys baseball and girls softball teams, who compete in divisions according to their age and ability.

Those who are interested in officiating in the WYAA should contact Keith DeMolay.

In the meantime, Wayne Baseball Association officials have extended baseball registration. They have set aside three days for prospective players to sign up.

Up in the air Chiefs banking on 4 seniors

By TOM MOORADIAN
ANP Staff Writer

Ask any area coach and he'll tell you the road to a conference baseball championship in the Western Lakes must pass through Canton.

Coach Fred Crissey and the Chiefs have been formidable obstacles for would-be title contenders in the past.

And most indicators point to the fact 1991 will not be an exception.

With four regulars returning from a team that posted an enviable 20-6 won-lost record a year ago, Canton can do it again — win a division title. If not, the Chiefs will have a lot to say about who eventually will wear the crown.

"It remains to be seen," says Crissey on the subject of title contender. He is beginning his 18th year as head coach at Canton, and if any one should know who's who in the league, Crissey does.

"It will be up to the seniors to carry this team during the first half until the juniors are acclimated," he said.

The four seniors that onus has fallen upon are outfielders Chris James, Jason Riggs, Mike Wougamon and infielder Jason Crain.

Crissey also has a blue-chip pitching prospect in 6-2, 200-pound senior Scott Kennedy, who is coming off of a 9-2 won-lost season.

The supporting cast the Chiefs are relying upon include John Paupore (shortstop), Mike Stafford (first base), Brian Pennbaker (third) and catcher Todd Pniewski.

"It will be up to the seniors to carry this team during the first half until the juniors are acclimated."

— Fred Crissey
Canton baseball coach

Belleville baseball team has tough act to follow this season

By TERRY LYNCH
ANP Special Writer

The Belleville Tigers baseball team has a tough act to follow. The Belleville basketball team just completed its most successful season, and the Tiger fans have become accustomed to watching winners.

Fortunately, Coach John Bertz expects his team to be one of the top teams in its league.

He expects a season fairly similar to last year when the Tigers finished in third place in the Wolverine 'A' conference with a 8-6 record.

According to Bertz, the team to beat will be Southgate.

"They finished tied for first with Trenton last year, and they have a fine baseball program," Bertz said.

As for the strengths of his ballclub, Bertz sings the increasingly familiar tune called "Plenty of defense, questionable offense."

Senior Jason Henderson is the man who will carry the main pitching chores. He had six starts last year and wound up with a 2-0 record. Bertz said he expects Henderson to have around 10 starts this season.

Henderson is also the starting center fielder and the No. 3 hitter.

Mike Komaromi, also a senior, is returning and will fill the second pitching slot. He will bat cleanup and play left field.

Coach Bertz described his cleanup hitter as "an exception."

tional athlete. He was the starting quarterback, a fine wrestler and he's going to be a fine ballplayer."

In the fifth spot in the lineup is Chuck Coleman. He will be the third baseman and do some pitching.

"The sophomore sensation," as Bertz referred to him, played in 15 of 25 games as a freshman.

The Tigers' second baseman, senior Chris Zaccaria, is playing his first season, but will be counted on to contribute.

The Belleville team will have little time to warm up for league play with a couple of non-league games. First on tap is the Ann Arbor Pioneers on Saturday.

Spring coaches, attention

It worked in the winter, and should do just fine for the spring session as well.

The Associated Newspapers sports staff will be returning to their desks Tuesday and Friday evenings to handle calls from local and area coaches who are urged to phone in the results of their games and meets.

The ANP staff will be ready to compile the results of baseball, softball, track and tennis matches. Or any other sports item.

The ANP launched the "evening bureau" during the winter sports season, giving area sports fans an opportunity for the first time in recent years to enjoy reading about their favorite teams and players the following day.

Coaches should telephone ANP staffers Tom Mooradian, Terry Lynch or Ted Coutilish at 729-4000 to report scores. Again, the sports staff will be available until midnight on Tuesdays and Fridays.

Thank you for your cooperation.

Jess Shough

Huron relays Rockets just miss qualifying teams

By TOM MOORADIAN
ANP Staff Writer

It wasn't the best or the worst of track openers for Coach Jess Shough.

The Westlanders on Saturday joined hundreds of athletes from across the state to compete in the traditional track and field opener, the Huron Relays, at Eastern Michigan University.

And Shough said he was optimistic after the performances of his team.

"We came close to qualifying two teams for the finals, but missed by tenths of a second," said Shough, who has moved up to head coach this season after serving the Rockets as an assistant coach. "I felt the competition gave us an opportunity to see some of the finest athletes

around. It was a good way to start the season."

The Rockets' shuttle hurdles relay finished ninth thanks to the combined efforts of Mark Kaiser, Andy Hodge, Randy Ellison and Robert Facione.

Glenn received a 10th-place performance from its sprint medley relay with Randy Geach, Lamar Ellison, Jim Woloskie and Scott Henson.

Glenn, the defending Western Lakes Conference champion, will not see action until April 9 when the Rockets return to the field to take on non-conference rival Garden City in their home opener.

On April 11, the Westlanders will begin defense of their conference title. They'll meet veteran coach Bob Holmes and the Livonia Franklin Patriots.

NEW ARRIVALS

Timothy Armstrong

Timothy Albert Armstrong, son of Belleville residents Tim and Sandi Armstrong, made his debut at 8:23 a.m. Feb. 15, 1991 at St. Joseph Mercy Hospital.

He weighed 8 pounds.

He is the new brother of Chelsea, 8, and Ashley, 3 1/2.

Proud grandparents are Helen Armstrong of Romulus, Vern and Sharon Hollandsworth of Belleville and Marge and Keith Bruce of Florida.

Timothy Armstrong

Maxx-Robert Witbeck

Maxx-Robert Witbeck, son of Pvt. Gary and Stephanie Witbeck, made his debut Oct. 2, 1990 in Germany.

He weighed 11 pounds, 14 ounces.

Proud grandparents are Bethanie Cook, Paul Witbeck and Susie and Bob Houff, all of Westland.

Great-grandparents are Monica Houff of Inkster, Walter and Desma Harrell of Westland and Gail Diamond and Mildred Agnes Cook of Westland.

Chelsea Christine

Bruce and Tracy Roe of Wayne announce the arrival of their baby girl, Chelsea Christine Roe, at 5:01 p.m. Feb. 27 at Oakwood Hospital in Dearborn.

Chelsea weighed 4 pounds, 15 ounces, and was 18 inches long.

Proud grandparents are Darlene Granholm of Wayne and Robert and Joan Roe of Carleton. Proud great-grandparents are Ruby and John Egan of Rockwood.

Steven Ramirez

Steven Michael Ramirez, son of Belleville residents Mike and Lisa Ramirez, made his debut at 12:09 a.m. Feb. 12, 1991 at St. Joseph Mercy Hospital.

He weighed 8 pounds, 12 ounces.

Proud grandparents are Mary Lou Martin of Belleville, Sharron Richards of Belleville and Keith Richards of California.

College president vows to keep campus open

By JOAN DYER-ZINNER
Belleville City Editor

Despite rumors of its future closing, the president of Wayne County Community College vowed to keep the Western Campus open.

In his remarks to a group of high school counselors, staff members and school superintendents last Wednesday at the Haggerty Road site, WCCC President Rafael Cortada said the Western Campus will not close.

Cortada said he is aware of rumors that say the center will close and the building will be sold, but denied the college has any plans to abandon western Wayne County.

Ted Scott of Westland, the

WCCC district trustee, echoed Cortada's pledge. However, both agreed there is a need to boost enrollment at the Western Campus.

Cortada and Scott were special guests at the program, titled "The High School and the College: Articulation as Partnership."

The college president said

1992 will be a critical year for the college. It is the year a millage vote is slated to fund the college and also the time when the terms of all of the district

trustees will expire.

Funding the college through a local millage will be mandatory because the college is slated to lose a \$10.4 million

state tax grant, the college president reported.

"We've done so much good and have received so little credit," said Cortada, noting prob-

lems at the college have received a high degree of media coverage, while positive programs have not been highlighted.

Reprogramming balance of account to Historical Preservation.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

5. Motion by Block, supported by Bergeron to concur with the recommendation of Mayor McAnally and approve the Consent Agenda items 5A1 through 5A3 as follows:

91-105

5A1. To approve the Contract Award for the North Huron Valley, Rouge Valley Sanitary Sewer Rehabilitation Project - EPA Construction Grant No. C-26-2391-12 to Taddie Construction, Inc. in the amount of \$6,110.00.

5A2. To adopt the following resolution revoking Tax Abatement Certificate #85-719 for Turn Rite Manufacturing:

91-106

WHEREAS: The Romulus city Council on August 12, 1985 approved a tax abatement, Certificate #85-719, for Turn Rite Manufacturing; and WHEREAS: Since awarding Certificate 85-719, Turn Rite Manufacturing has filed for Chapter 7 Bankruptcy and have ceased operations at 6810 Metroplex Drive. All machinery and equipment at the location was sold at auction in November of 1990.

NOW THEREFORE BE IT RESOLVED: Pursuant to Section 15 (2) of Act 198, P.A. 1974, the legislative body of the City of Romulus request the State Tax Commission to revoke the industrial facilities exemption certificate of Turn Rite Manufacturing Company upon the grounds that the purpose for which the certificate was issued is not being fulfilled as a result of the holder to proceed in good faith with the replacement, restoration, or construction and operation of the replacement facility or new facility.

91-107

5A3. To reappoint William Crova and Jack Barton to the Romulus Planning Commission with terms to expire on January 31, 1994 and to appoint Ken Berlinn to fill the vacancy created by the resignation of Donald Treder, term to expire on January 31, 1993.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

910108

*5B1. Motion by Bergeron, supported by Pennington to adopt a resolution acknowledging and thanking Mr. Donald Treder for his many years of service on the Planning Commission and the Board of Appeals.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

91-109

5B1. Motion by Pennington, supported by Bergeron to concur with the recommendation of the Ordinance and Purchasing Departments and award Bid #91-03 Weed Cutting to the low bidder, Prituala and Sons Excavation in the amount of \$.00185 sq. ft. for the first year, \$.002 sq. ft. for the second year and \$.0022 sq. ft. for the third year. In addition, the charge for removal of underbrush and debris on heavily overgrown lots is \$.002 sq. ft. for the first year, \$.0022 sq. ft. for the second year and \$.0024 sq. ft. for the third year.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

5. Motion by Block, supported by Lambert to accept the Mayor's Report.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

91-110

6A1. Motion by Pennington supported by Lambert to approve the second reading and final adoption of Chapter 35, Article VIII, Size, Weight and Load Restriction introduced at the regular meeting held March 4, 1991.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

91-111

6A2. Motion by Pennington, supported by Bergeron to approve Traffic Control Order #Y-495-91, all Eastbound traffic on Herman shall YIELD at Sterling.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

91-112

Larry Richard Whitson, 46, of Westland died March 21.

He is survived by his sister, Shirley Dodgens, and brother, Gary Whitson.

Funeral services were at Uht Funeral Home, with the Rev. Jonathan Allen officiating. Burial was at Cadillac Memorial Gardens West.

Hanley, Dorothea

Dorothea Ann Hanley, 65, of Westland died March 24 at St. Joseph Hospital in Superior Township.

She is survived by her husband, John M. Hanley; children, Marty (Larry) Stafford of Dearborn Heights, Michael (Diane) Hanley of Hartland, Colleen (Howard) McKerracher of Westland, Shauna (Dave) Palmer of Phoenix, Ariz., Kerry (Gary) McKeon of Westland, Patricia Speer of Waterford Township, Timothy (Sylvia) Hanley of Ottawa Lake, Kevin Hanley of Tampa, Florida, Brian (Jeanne) Hanley of Westland and Terence Hanley of Westland; sisters, Jodie (Maurice) Richard of Glendale, Ariz., Mildred (Wayne) Bates of Detroit and Frances (Eddie) Wisniewski of Southfield; brother, Richard (Joan) Brandenburg of Grand Rapids; 17 grandchildren; and many nieces and nephews.

Funeral arrangements were made by Vermeulen Memorial Trust 100 Funeral Home in Westland, with the Rev. William N. Smith officiating. Burial was at Cadillac Memorial Gardens West.

Family members ask memorials be made to a family fund.

Taylor, Adeline

Adeline E. Taylor, 73, of Wayne died March 11, 1991.

She is survived by her children Kenneth A. Jr., Robert D. and Gene L.; brother, Waldermaer Quade; and many grandchildren.

She was preceded in death by her son James and sister Beatrice.

Funeral services were at Uht Funeral Home and the First Presbyterian Church with the Rev. David Owen officiating. A memorial service under the auspices of the Nankin Chapter 238 O.E.S. was also staged. Burial was at Cadillac Memorial Gardens West.

Kelly, Sharon

Sharon Kelly (Klukowski), 41, of Farmington and formerly of Wayne died March 9 at Providence Hospital.

She was preceded in death by her father, Edward. She is survived by her husband, Jim; mother, Mary Jane Turner; stepfather, Lewis; sister, Wendy Knoch; brothers, Wayne and Bradley Klukowski; and daughter, Michele Duncan.

Funeral services were at Heeney-Sundquist Funeral Home of Farmington, with the Rev. Mitchell Maloney officiating. Burial was at Oakridge Cemetery in Flat Rock.

Perkins, Harold J.

Harold J. Perkins, 68, of McMinnville, Tenn., died March 22.

He is the beloved father of Arnold Perkins of Georgia, Diane VanLeuven of Westland and Linda Borren of Tennessee, grandfather of 10 and great-grandfather of three.

Funeral services were at Lents Funeral Home, with the Rev. Bob Millar officiating. Burial was in McMinnville, Tenn.

Summers, Forest V.

Forest V. Summers, 62, of Romulus died March 25.

He was preceded in death by his brother, Stanley.

He is survived by his wife, Gertrude P. Summers; son, Billy Joe Summers; daughters, Holly M. Summers and Caroline Sue; and sisters, Dorothea Atterberry of Illinois, Wilma Wade of Arizona, Violet Hartley of Washington, Lois Radford of Nebraska and Helen Thompson of Arkansas.

Funeral services were at Long-Gilbert Funeral Home in Missouri, with the Rev. Charles Pitts officiating. Burial was at Shepard Hill Cemetery in Missouri.

Pearson, Henry Jr.

Henry Pearson Jr., 74, of Inkster died Feb. 27.

He is survived by his wife, Mrs. Amanda Kirk; children, Miss Cora Patricia of Detroit, Miss Brenda Joyce and Mr. Henry Pearson III of Cambridge, Mass.; sister, Mrs. Evelyn Moon; and many nieces and nephews.

Funeral services were at Beulah Missionary Baptist Church in Westland, with the Rev. John L. Tucker officiating. Burial was at Westlawn Cemetery in Wayne.

Opaleski, Madeline

Madeline (Midge) Opaleski, 70, of Westland died March 22 at St. Joseph Hospital in Ann Arbor.

She is the beloved wife of Frank Opaleski, mother of Paulette Felan and Gil Opaleski, sister of Joseph, Frank and Jerry Greyski, grandmother of five and great-grandmother of one.

Funeral services were at Lents Funeral Home, with Father Panaretos officiating. Burial was at St. Hedwig Cemetery.

Daughenbaugh, Donald

Donald (Donnie) Daughenbaugh, 25, of Romulus died March 24.

He is the beloved son of William and Grace, brother of Robert Eves, Ronald Eves, Thomas Eves, Cheryl Gehan and Edward and grandson of Huldah, the late William Daughenbaugh and the late Samson and Margaret.

Funeral services were at Uht Funeral Home, with the Rev. Roy Forsyth officiating. Burial was at Denton Cemetery.
